## **WHAT IS THE DIGITAL TWIN PARTNERSHIP?**

The Digital Twin Partnership (DTP) has been created to provide Digital Twin leadership within the Australian private sector by delivering a clear narrative around the opportunities and benefits of Digital Twins. Additionally, the DTP will be a trusted advocate to government by helping advance Digital Twin as vital digital infrastructure to accelerate growth in Australia.

## **WHY IS THE DIGITAL TWIN PARTNERSHIP NEEDED?**

The DTP has been formed to help with the following three key problem statements:

1. Leadership for Industry - Provide Digital Twin leadership within the private sector
2. Scaling through a community - Bring stakeholders together to advocate (for) greater investment, policy and industry capability
3. Creating a targeted narrative - Digital Twin must be seen as a contributor to sustainable growth, job creation and a tool for reducing risk in the expenditure public funds.

## **WHO ARE THE DIGITAL TWIN PARTNERSHIP LEADERSHIP TEAM?**

Our leadership team brings together individuals with diverse skills and experience, helping to provide leadership and advocacy for the Australian built and natural environment and ultimately help build its community.

## **HOW DOES THE DIGITAL TWIN PARTNERSHIP DIFFER FROM OTHER INDUSTRY GROUPS?**

The DTP's sole focus is on leadership and advocacy for the Digital Twin market. The DTP and the individuals involved will continue to collaborate with industry groups such as Consult Australia, Engineers Australia, Digital Twin Consortium, Smart Cities Council, SSSI, and others to help build the Digital Twin community.

## **DO I NEED TO BE AN EXPERT IN DIGITAL TWINS TO JOIN THE DTP?**

No, the DTP is for everyone with an interest in Digital Twins. Our community is inclusive – even if you are just starting to gain an understanding of Digital Twins, the DTP is a great place to learn and connect with people doing the same.

## **HOW CAN I GET INVOLVED?**

You can register for DTP updates on the DTP website, follow the DTP LinkedIn page and/or register your interest to support the DTP by completing the Registration of Interest Form on the DTP website.
